Secretary: Allison Tatum
Faculty Advisor: Dr. Jennifer Springhart
Faculty Advisor: Dr. Lisa Hodges

Support for Humanitarianism through Intercontinental Projects Incorporated (SHIP) is committed to improving the quality of life for underprivileged populations throughout the world by providing medical care and education without discrimination. Our principles are based on medical ethics and are impartial to race, color, sex, religion, or political beliefs. Our activities will encourage current and future healthcare providers to promote humanitarianism by their participation in our charitable purpose and projects. Our largest project this year was a month long medical mission to Kenya, where over 4,000 patients were seen by LSUHSC Shreveport medical students and doctors.

The Student National Medical Association (SNMA) is the nation's oldest and largest student organization focused on the needs and concerns of medical students. Established in 1964 by medical students from Howard University and Meharry Medical College, the SNMA boasts over 40 years of service to underserved communities and medical students.

SNMA is committed to increasing the diversity of students that consider and prepare for medical and scientific careers. Working through local chapters, SNMA is proud to organize and sponsor local Pipeline programs that directly serve minority students at several levels of education: the Minority Association of Premedical Students (MAPS), the HIV Awareness/Prevention at Job Corp (HIP/Corp), the Youth Science Enrichment Program (YSEP) and other community service programs.

The EMIG is dedicated to helping students decide on a specialty, informing them of EM choices and residency application procedures. Students are exposed to the ER environment via shadowing and clinical workshops on common ER procedures. Shadowing allows students to become immersed in the fast paced lifestyle, while clinical workshops give hands-on experience in suturing, intubation, ultrasound, and splinting. Through all these learning opportunities we hope members come away with a better understanding of what it means to be an EM physician.

The Pediatric Interest Group (PIG) is an organization that helps students learn about the field of Pediatrics and involves them in various service activities throughout the year. Some of the activities include decorating and participating in the annual Pediatric ward Halloween, Christmas, and Easter parties; involvement in the community's "Reach Out and Read" program; and organizing a book drive for the Pediatric clinic. These events and other group meetings offer wonderful opportunities for students to meet current pediatricians and learn from their experiences and mentorship.

Our group helps to serve as an educational resource for first and second year medical students who do not yet have the clinical opportunities that we receive at LSUHSC-S in our third and fourth years. The interest group also participates in two community service projects each year to benefit various organizations and local community members.

God Sends the Thread
Alvena Hollett

*A spider starts to spin its web
Without a thread in sight.
But as it works God sends the thread
To weave the dream so light.
Be not afraid to start to weave
That dream you would achieve.
Trusting in God, just go ahead,
He knows your need. He'll send the
thread.*

*On November 17th,
No need to mention the year
Girl #3 of the Champion Family
Had finally made it here
She whisked through high school.*

*In college she met VaChon, a striking young lad
They wed, had baby #1, VJ
Then she completed undergrad
From there she went to grad school
With greater achievements in mind
While there, they decided, "Let's work on
Jordan, baby #2, in the meantime."
Then there was medical school
And also came Brady, baby #3
With The Lord on her side, August 8, 2009,
She became an M.D.*

In her own words:

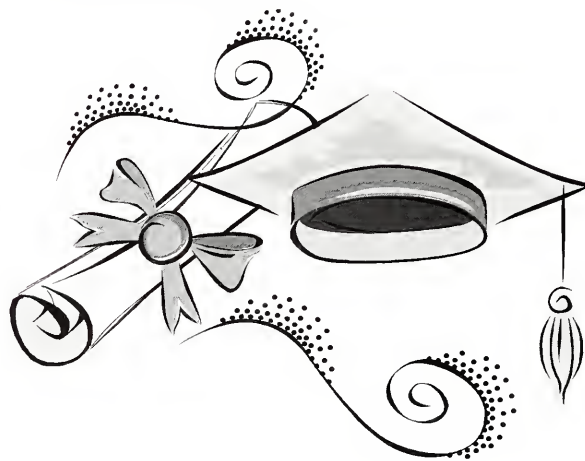

*"I realize God's blessings bestowed upon me
I have my God sent husband, family, friends,
And a beautiful baby for every degree!"*
